## Carpet extraction/traffic lane pre-spotter

A concentrated low foaming steam extraction and bonnet cleaner that works effectively on all types of carpets, including the latest generation of stain resistant carpets. Formulated with synthetic wetting agents, grease emulsifiers, water softeners and optical brighteners. Leaves a nice fresh scent. Excellent anti-resoiling properties keep carpet clean longer than conventional extraction products.

### DIRECTIONS FOR USE

**Steam Extraction:** Dilute 1 ounce to each gallon of water in the solution tank. Add anti-foam if necessary. *For heavily soiled areas*, use 2 oz/gal; for carpet pre-spotting, use 3-5 oz/gal. **Bonnet Cleaning:** Although this product has been formulated specifically for steam extraction, it is also a good bonnet cleaner when used in accordance with the directions below. Dilute as above, and spray approximately 100 sq. ft. at a time, holding sprayer 12" to 16" above carpet. Avoid soaking carpet. Dampen bonnet pad with water, do not soak. Spray bonnet with cleaning solution and place bonnet under machine on carpet, sprayed-side down. Buff carpet over sprayed area, turning the pad over or changing it when heavily soiled. Allow carpet to dry for 30 minutes to an hour then vacuum thoroughly. Note- If furniture must be replaced before carpet is dried, place cardboard strips under furniture legs.

**Safety Cautions:** It is recommended that protective gloves and safety glasses be worn when using this product. Refer to M.S.D.S. for additional safety information.

**HMS Ratings:** Health: 1, Flammability: 0, Reactivity: 0, Maximum personal protection: B
